Partners

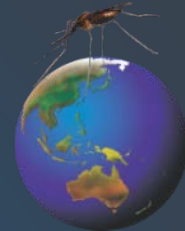

1. National Malaria Control Program (NMCP)
2. Rotary Club of Dili Lafaek (RCDL)

2014 RAM Team

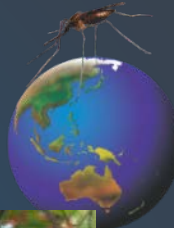

Challenges to malaria elimination

- Global Funds 50% reduction 2018-2020
- A developing nation
- A developing National Health System
- Lack of infrastructure (roads, sanitation, water)
- Rural community factors (education, poverty)

TO THIS

WHY TIMOR? WHY NOW?

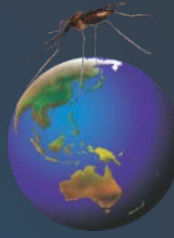

Social & Cultural

HISTORICAL PERSPECTIVE

- The Timorese culturally isolated until 2002
- Median age 19, Australia 39
- Timor Leste in strategic position in WW2
- Present juggle of local, Indonesian, Chinese, United States and Australian influences

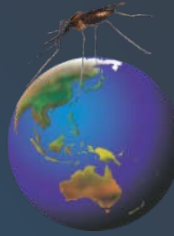

Social & Cultural

TIMOR LESTE ACHIEVING MALARIA FREE WILL

- Enhance this young nation's self esteem
- Be a positive example of government action
- Provide infrastructure for other health programs
- Enhance Rotary in Australia and Timor Leste

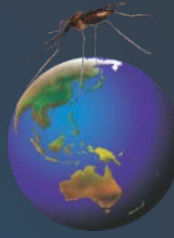

David & Chris

- Health backgrounds
- RC Salisbury
Queensland D 9630

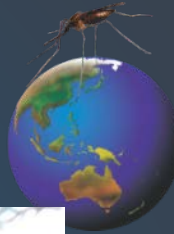

Team's Impressions

Caveat

- Very brief visit
- Limited and probably naïve
- Promote thought and discussion

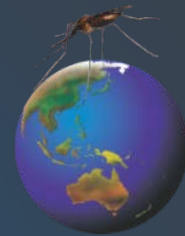

Lovely people
